Please download our new app from your app store for free!

We have already started to use this app to communicate information, key dates, and updates about the nursery (It also sends reminders to your phone of important dates/events that are coming up in line with our calendar- Very handy!)

We will be using this app to communicate with you in the future alongside our current system, eyLog- please ensure that you download it so we can stay in touch with you
A handy app with everything 'BarBar' in one place!

EYLOG

Is everyone receiving their children's observations and emails via Eylog?

If not, it may be because we have your wrong email address- please can you come to the office so we can update your details on the system
